Additional information

The project "Mežaparks Residences" is one of the largest residential property development projects in the Baltic States. It is unique in that we can use the opportunity to supplement the historic Mežaparks with a new, sunny and green residential area of 31 hectares.

"Mežaparks Residences" - it is a modern infrastructure, sustainable architecture, safe and tidy environment. Within the framework of the concept, exclusive projects of private villas, twin villas, row houses and low-rise premium class apartment buildings have been developed. In cooperation with the architect of your choice, any of the 19 different villa projects can be adapted to your needs. It is also possible to buy a land plot to build your dream home. Available areas starting from 1200 m², with the possibility to combine several land plots. Special attention is also paid to the improvement and landscaping of the park territory.

The author of the concept is Andris Kronbergs, one of the most outstanding architects in Latvia.

Office space for rent is also available in the newly opened "Mežaparks office" building, which offers the highest quality work and leisure concept. Class A office building, which is one of the most modern and sustainable rental areas in Riga.

"Mežaparks Residences" is a place to enjoy peace and comfort, sophisticated lifestyle and a wide range of active leisure opportunities, as well as cultural events and natural landscapes. The center of Riga with all the advantages offered by the city is also a short drive away.
