Additional information

□ About the Property

Unfinished residential house for sale in a quiet, green residential neighborhood. The house is built from quality materials but requires complete interior and exterior finishing.

There is also a separate sauna building on the property with potential for various uses.

□ Construction Details

Exterior:

- Constructed from aerated concrete blocks – good insulation and durability
- Installed PVC windows and metal entrance door
- Facade currently unfinished
- Roof – metal tile profile

Interior:

- Load-bearing and partition walls – same concrete blocks
- Floor slabs – partially made of precast concrete panels with a wave pattern
- Floors and attic – solid wood, unfinished
- Internal utilities – not installed

✂ Utilities

- Electricity: temporary connection available
- Water: previous owners mentioned a well; central water line runs along the street
- Sewer: outdoor septic tank on property; central sewer system available near the house

□ Land and Surroundings

- Fruit trees and bushes in the garden
 - Quiet and peaceful street
 - Surrounded by well-kept private houses
 - Close to a train station
